Statistics on Club Pages

The player statistics on the club pages in this album fall into two main categories. For each player, there is a career list of all league appearances and league goals up to the end of the 1996/97 season, showing in order the season, club, division (where available), appearances (including as a substitute) and goals. (L) denotes on loan. Last season's player "Performance Details" statistics are shown in a depth only found in Merlin football sticker collections. For each player we show the number of starts he made in League games in 1996/97, followed by the number of appearances as a substitute and the total number of League goals scored. Then the goals are broken down as follows (the words in brackets correspond to the column headings): goals scored from inside the penalty area (Area), from outside the penalty area (Out), with the left foot (LFt), with the right foot (RFt), by header (Head), from a penalty (Pen), those scored from a dead ball (Dball) or from open play (Open). Then we list the number of goal assists credited to each player from dead balls (Dball) and open play (Open). Please note that in some cases, especially where a player was not in a Premier League club during 1996/97, these details were not available. The "Performance Record v Premier League Teams" shows each club's record over the five seasons of the Premier League from 92/93 to 96/97 with the best record at the top. The columns show Played, Won, Drawn, Lost, Goals For, Goals Against, Average Points and Best Result. The "Premier League Goalscorers" table shows the total number of goals scored by each team over the five seasons of the Premier League. The "When The Goals Went In" graphs show how each team's 96/97 top scorer contributed to the team's goal total. It does this by showing the month by month goalscoring record of the team's top scorer compared to the overall team's month by month record. Players who have left the club they played for in the 96/97 season are not included. The "96/97 League Record" chart gives a monthly breakdown of the points each team scored last season compared to the maximum number of points that were available during that period. The "96/97 Goalscoring Analysis" graph charts the goalscoring performance of each team's top 3 goalscorers. It shows the exact percentage of the team's goals that various striking partnerships contributed month by month. If one of the top scorers has left the club he has been omitted and the next top scorer included. Where players have scored equal amounts of goals they have been chosen in alphabetical order.

Overseas players' countries of origin are denoted by the following abbreviations: ARG – Argentina; AUS – Australia; B – Belgium; BOS – Bosnia; BR – Brazil; C.I. – Channel Islands; CAN – Canada; CH – Switzerland; CZ – Czech Republic; D – Germany; DK – Denmark; E – Spain; F – France; FIN – Finland; GHA – Ghana; GR – Greece; HK – Hong Kong; HUN – Hungary; I – Italy; IL – Israel; IRL – Eire; J – Japan; MC – Monaco; N – Norway; NIG – Nigeria; NL – Holland; P – Portugal; R – Romania; RU – Russia; S – Sweden; S.A. – South Africa; SL – Sierra Leone; SUR – Surinam; T & T – Trinidad and Tobago; TR – Turkey; UKA – Ukraine; URU – Uruguay; USA – United States of America; W.I. – West Indies; YUG – Yugoslavia; ZW – Zimbabwe

EDITOR'S NOTE. The final date for compiling this album was September 30, 1997. All reasonable efforts were made to ensure that the data was accurate at that time. Player transfers and/or managerial changes in FA Premier League clubs after that date were, of course, beyond our control.

Since I took over as Chief Executive of The F.A. Premier League, I have discovered that the duties of this job are wider and more varied than could possibly be imagined. Although scarcely a duty, the opportunity to say a few words to the many Premier League fans who support us through their favourite hobby – collecting our stickers – was one which was too tempting to miss.

Just as the game itself mixes history and tradition with the very best of the modern sporting world, so it is with football stickers. There can hardly be a professional player today who did not collect football stickers or cards in his youth, and indeed, today's soccer magazines often choose an image from an historical collection when looking in-depth at a player or a club's background. Merlin's Premier League stickers reflect this tradition, and mirror the Premier League itself in utilising ground-breaking methods of printing and photography to bring all Premier League fans the best possible sticker collection.

This year is actually the fifth anniversary of Merlin Premier League stickers – a new "tradition" which started with the very first edition in 1994. That year, Andy Gray wrote the introduction and urged collectors to hold onto their album when complete as a valuable memento of the season. I wonder how many of you did just that? Whether or not you are a proud possessor of the now historic Merlin's Premier League 94, the main point is to have as much fun each year collecting our stickers as you do playing or watching the game itself. Come to think of it though, I believe I might just lock away a complete 1998 collection myself – you never know when it could come in handy!

There will also be a number of very special guests attending to sign autographs and meet Merlin collectors. Although their identities will remain a secret until the day, we can reveal that they are all top football stars. See the list of venues to see which dates they will be attending.

And this year we are not just grounded in England and Wales. We have teamed up with our friends at Lifestyle Sports to give our collectors in Ireland a long-awaited chance to try the Swop Shop experience – so watch out Belfast and Dublin.

Merlin's Swop Shops are not just a chance to complete your album and meet your football heroes, there are also numerous attractions and loads of freebies. So come along to the great '98 Swop Shop Tour – it's all absolutely free of charge!

BRUCE DYER

MERLIN'S COLLEC

1998

Now is your chance to make your voice heard and vote for your favourite Premier League players in the 2nd Annual Merlin Collectors' Awards. Last season Merlin collectors voted Robbie Fowler the 1997 Merlin Player of the Year, but who will be crowned King of the Collectors this year. Zola? Fowler? Beckham? It's entirely up to you!

No matter what Premier League team you support or who your favourite Premier League player is, we want to hear from you. So get voting — your team is depending on you! Voting is easy. All you have to do is fill in the voting form inserted in the centre of this album and send it to us at the address shown — we'll take care of the rest. The results of the Awards will be published in Merlin's all-action Kick Off sticker collection, out at the beginning of the 1998/99 season.

To get you thinking, here are a selection of Premier League superstars showing their favourite goal-scoring celebrations. Will any of these players win an award? Make sure you order your copy of Kick Off and be the first to find out.
